Empowering Your Financial Journey

Are you ready to understand and take control of your finances? Join our workshop where we dive deep into the essential pillars of financial literacy.

Whether you're a seasoned business owner, just a couple of years into your business journey, or even just starting out, this workshop is designed to empower you with practical knowledge and actionable strategies.

Why Attend?

- This workshop will help those looking to understand their financial information, which is crucial if you plan to apply for the Better Business Grant. Knowing your financial

information will help align your finances with your selected projects and improve your Key Performance Indicators (KPIs).

- Learn how to plan and visualise the impact of grant money on your projects. Understanding your financial information will streamline the application process for the Better Business Grants and prevent delays.
- Even if you aren't applying for a grant or thinking about applying, this workshop will still be beneficial. You'll walk away with a workbook containing a checklist of actionable steps to improve your financial well-being.
